- 1. A unisex active wear garment with modified fly-flap and storage pockets, comprising:
- a torso section defining a waist opening, the torso section having a front and a rear;
- a pair of legs extending from the torso section and defining leg openings, a crotch opening being defined in the torso section between the legs;
- a fly-flap having a lower end attached to the rear of the torso section and an upper end releasably attached to the front of the torso section, the fly-flap covering the crotch opening when attached to the front of the torso section, the fly-flap having a front surface and a rear surface;
- a releasable fastener attached to the rear surface of the fly-flap and the front surface of the torso section; and
- at least one pocket attached to the front surface of said fly-flap.

LITMAN LAW OFFICES, LTD. P.O. BOX 15035 ARLINGTON, VA 22215 (703) 486-1000 RLINGTON, VA 22215 (703) 486-1000 2. The unisex active wear garment according to claim 1, wherein said releasable fastener comprises mating sections of hook and loop fastening material attached to said fly-flap and said torso section, respectively.

- 3. The unisex active wear garment according to claim 1, wherein said at least one pocket consists of a single pocket having an opening extending towards the waist of said torso section.
- 4. The unisex active wear garment according to claim 1, wherein said at least one pocket consists of a single pocket having an opening extending laterally towards one of said legs.
- 5. The unisex active wear garment according to claim 1, wherein said at least one pocket comprises a first pocket having an opening extending towards the waist of said torso section and a second pocket having an opening extending laterally towards one of said legs.
- 6. The unisex active wear garment according to claim 1, wherein said at least one pocket is made from waterproof material.
- 7. The unisex active wear garment according to claim 1, wherein said at least one pocket has an opening defined therein and a releasable fastener disposed about the opening for closing the pocket.

- 8. The unisex active wear garment according to claim 1, wherein said at least one pocket has an opening defined therein and a zipper fastener disposed about the opening for closing the pocket.
- 9. The unisex active wear garment according to claim 1, further comprising an elastic waistband disposed about the waist of said torso section.
- 10. The unisex active wear garment according to claim 1, wherein said torso section and said legs are made from spandex.
- 11. The unisex active wear garment according to claim 1, further comprising a liner disposed on the rear surface of said fly-flap.
- 12. The unisex active wear garment according to claim 1, wherein the lower end of said fly-flap is sewn to the rear of said torso section.
- 13. The unisex active wear garment according to claim 1, wherein the lower end of said fly-flap is releasably attached to the rear of said torso section.
- 14. The unisex active wear garment according to claim 1, further comprising a second releasable fastener attached to the rear of said torso section and to the front surface of said fly-flap, whereby said fly-flap is drawn between said legs and temporarily attached to the rear of said torso section in order to expose the crotch opening for eliminating bodily waste.

15. The unisex active wear garment according to claim 14, wherein said second releasable fastener comprises mating patches of hook and loop fastening material.

- 16. The unisex active wear garment according to claim 15, wherein the lower end of said fly-flap is releasably attached to the rear of said torso section, and wherein said at least one pocket comprises four pockets, including a first pocket having an opening extending towards the upper end of said fly-flap, a second pocket having an opening extending laterally towards one of said legs on the upper end of said fly-flap, a third pocket having an opening extending towards the lower end of said fly-flap, and a fourth pocket having an opening extending laterally at the lower end of said fly-flap.
- 17. The unisex active wear garment according to claim 16, wherein each of said four pockets further comprises a zipper fastener disposed about the pocket opening.
